

**Application for the Computer Applications Proficiency Exam**

**STUDENT NAME** \_\_\_\_\_ **STUDENT #** \_\_\_\_\_

(Please PRINT FULL name)

**GRADE** \_\_\_\_\_ **DATE OF APPLICATION** \_\_\_\_\_

**I currently have Testing Accommodations through an IEP/504Plan: YES NO**

Students interested in completing the Computer Applications graduation requirement through the Computer Applications Proficiency Exam must:

- **Be a student in grade 9-12**
- **Complete the Computer Applications Proficiency Exam Application**
- **Complete the Computer Science Project and submit the project 1 week prior to the test date (directions & rubric will be given to you once application is approved).** Students who have not completed the project by the due date will not be eligible to take the Computer Applications Proficiency Exam.
- **Complete the Digital Citizenship Awareness Activity (directions will be given to you once application is approved)** either prior to the test or during the testing time. Students must score 85 or higher to have successfully completed this portion of the requirement.
- **Pass the Computer Applications Proficiency Exam.** If the student does not pass the Exam he/she will be required to successfully pass the Computer Applications course prior to graduation. Students may only take the Computer Applications Proficiency Exam once.

**1) Why do you want to take the Computer Applications Proficiency Exam?**

\_\_\_\_\_  
\_\_\_\_\_

**2) Please explain how you think you would benefit academically taking the Computer Applications Proficiency Exam in lieu of receiving the classroom instruction.**

\_\_\_\_\_  
\_\_\_\_\_  
\_\_\_\_\_

**I have read and understand the process for completing the Computer Applications graduation requirement through the Computer Applications Proficiency Exam and understand I will NOT receive any course credit towards graduation for this Exam.**
